The package includes a range of features designed to enhance your boating experience.

The heart of this package is the Yamaha F75HP 4-stroke engine, which offers remarkable power and efficiency. Paired with forward control and a 703 control box, navigating the waters becomes both effortless and enjoyable. The engine's electric start and power trim tilt functionality add a level of convenience and ease to your boating adventures.

Safety and convenience are paramount in the 481 Fishabout Pro, highlighted by the addition of a Garmin UHD2 75SV chartplotter/sounder combo. This advanced navigation tool ensures you can explore with confidence, offering clear, detailed maps and sonar images. Whether you're charting a course through unfamiliar waters or locating the next big catch, this Garmin device is your reliable companion.

Entertainment is also taken care of with the inclusion of the Fusion RA70N sound system and 2 speakers. This setup guarantees high-quality audio, whether you're listening to music or catching up on the latest news. The system's compatibility with smart devices through the Fusion-Link App means your favorite tunes are always at your fingertips.

This package also includes practical additions like a painted braked trailer for easy transportation, a winch upgrade for convenience, and a spare wheel and carrier for peace of mind. The Catch and Release bracket simplifies the boat launch process, making it a one-person job. The addition of a motor support block, marine battery with isolation switch, and a Baitmate bait board underscores the package's focus on both performance and angler convenience.
