Description

Immerse yourself in the ultimate boating experience with the Quintrex 530 CC, unpainted for durability. This vessel promises stability, durability, and a smooth ride across the waters, making every trip an adventure to remember. Supported by a Quintrex braked trailer equipped with 13-inch alloy wheels, disc brakes, LED lights, and a multitude of other features, transporting this beauty to your favorite waterways becomes an effortless endeavor. Its rolled frame alloy I-beam and comprehensive lighting setup ensure that your journey to the water is as reliable and safe as the time spent on it.

Powering the Quintrex 530 CC is a Yamaha F115HP 4-stroke engine, synonymous with efficiency, reliability, and power. The inclusion of forward control with 703 control box, electric start, and power trim tilt, alongside two multifunctional LAN digital gauges, makes for a seamless boating experience. The engine is workshop fitted tested, ensuring optimal performance from the get-go. Enhancements like hydraulic steering upgrade and the Garmin ECHOMAP UHD2 95SV Chartplotter/Sounder combo with preloaded Navionics+ mapping for Australia New Zealand, vivid 9 display, and advanced sonar capabilities, elevate navigation and fish finding to professional levels, catering to the needs of the most demanding boaters and anglers alike.

Additional features such as the GME GX750B VHF Marine Radio for secure communication, a marine battery with isolation switch for uninterrupted power, and practicalities like a bimini and envelope for protection against the elements, an extra seat spigot for customizable seating arrangements, and navigational lights further underscore the Quintrex 530 CC's readiness for both recreational and sportive outings, making it a versatile choice for those who demand excellence on the water.
