Description

The Quintrex 650 Trident Hard Top stands as a paragon of robust maritime engineering, artfully crafted to meet the rigorous demands of the discerning ocean adventurer. Painted in a pristine white, complemented by striking decals and stripes, this vessel not only promises a commanding presence on the waters but also assures durability and resilience in the face of the ocean's unpredictability. The hard top design, a hallmark of the Trident series, offers both protection from the elements and a sense of security, making it an ideal choice for both leisurely cruises and serious offshore fishing excursions.

Equipped with a Yamaha F150HP 4-stroke engine, the 650 Trident Hard Top balances power with efficiency, ensuring smooth navigation through varied marine conditions. This prowess is further enhanced by the inclusion of the Quintrex Hydraulic-Braked Tandem Trailer 2600ATM, which guarantees ease of transport and reliability. The boat is kitted with essential and advanced features like the Garmin ECHOMAP UHD2 95SV Chartplotter/Sounder Combo, ensuring not just seamless navigation but also an enriched fishing experience. The G2 Display Mount adds to the convenience, providing clear, easy access to navigational data and fish finding sonar.

Comfort and functionality coalesce in the interior design of the Trident Hard Top. The cabin is outfitted with plush cushions and backrests, offering a comforting retreat. The rear of the boat features a 3-quarter rear lounge with a backrest, perfect for relaxation or keeping an eye on the lines. Practicalities are not overlooked, with the high-pressure deck wash, dual marine batteries with an isolation switch, and a motor support block enhancing both maintenance and operational ease. The inclusion of a Catch and Release Bracket, along with a spare wheel and carrier, underscores a commitment to convenience and safety, making the Quintrex 650 Trident Hard Top an exemplary choice for both avid anglers and family adventurers alike.
